**REASONS for ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The closest prior art, Sakuyama (disclosed by applicant), shows most of the limitations of the claims, but fails to show at least:

With regards to claims 6 and 7, spaces between the pad segments sufficient for passing interconnections therethrough when forming an interconnection layer;

With regards to claim 8, pad segments not connected with the interconnection layers to be connected externally of the semiconductor package.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Chiu (illustrates in fig. 5 interconnects between pads), Ma et al. (illustrates external connections to pads on a chip) and Peng et al. (illustrates a pad with many segments).
